Harold and Mary Leonard's legacy extends beyond our digital records. For more than 20 years, they were Everett Society donors who valued the importance of generosity and community support. Upon their passing, Harold and Mary left a portion of their estate to the United Way of Cayuga County to continue supporting our community. Below is a portion of the letter their son David wrote:

Raised during the Great Depression, Harold and Mary lived modest lives. Their frugality led to an 'overflowing cup' from which they poured out generously to their church, charities and other organizations they believed in. Mary had an outsized, compassionate heart and throughout her whole life felt called to serve those who she believed were lacking hope. All of the charities to which she designated bequests have missions to help underserved people better their lives, to bring about a more peaceful and just world, or to help the CNY communities that they called home.
