

**Annually, 31,700 Cayuga County residents turn to United Way funded programs and services. Your gift provides hope for individuals and families—54% of residents touched by your generosity utilized Safety Net and Financial Stability programs to access basic needs such as food, shelter, housing, transportation, and more.**

**42% of Cayuga County residents are struggling to survive and are often in search of basic needs such as food and housing.**

Additionally many of those accessing services are ALICE families—Asset Limited, Income Constrained, Employed. ALICE families work, often more than one job, living paycheck to paycheck, and are one emergency away from falling into poverty. Forty-two percent of families in our community are struggling to survive—with the current health crisis, this number will likely increase as many families are experiencing a decrease in hours or job loss.

Your gifts also support education and health programs aimed at providing a better life, such as:

- Youth programs building leadership skills and confidence
- Tutoring to improve literacy skills needed in the workforce
- Mental health and well-being clinics
- Adaptive skills training for those with sensory loss
- Help for those struggling with substance abuse
- And much more

**YOU Can Make A Difference—Make YOUR 2020-21 Gift Now...  
And Let's Rebuild Cayuga Together.**
